# ACTIVITIES AND ORGANISATION

For the year ended 31 December 2020

**Médecins Sans Frontières (MSF) is an international, independent, medical humanitarian organisation. We deliver emergency aid to people affected by armed conflict, epidemics, natural disasters and exclusion from healthcare.**

This report is presented along with the financial statements of the organisation for the year ended 31 December 2020. These financial statements are a means of transparency and accountability, illustrating the financial situation of the movement as a whole. They have been prepared in accordance with the accounting policies of Swiss GAAP FER/RPC, which are set out in Note 1.1. to the Financial Statements.

## OBJECTIVES AND POLICIES

MSF offers humanitarian assistance to people based on need and irrespective of race, religion, gender or political affiliation. We work to save lives, alleviate suffering and restore dignity. Our actions are guided by medical ethics and the principles of neutrality and impartiality.

In order to be able to access and assist people in need, our operational policies must be scrupulously independent of governments, as well as religious and economic powers. We conduct our own assessments, manage our projects directly and monitor the impact of our assistance. We do not accept funds from governments or other parties who are directly involved in the conflicts to which MSF is responding. We rely on the generosity of private individuals for the majority of our funding.

In 2020, health professionals, logistics specialists and administrative staff of all nationalities carried out 6,027 assignments, to work with more than 37,750 locally hired staff\* working in medical programmes in over 85 countries.

MSF is constantly seeking to improve the quality, relevance and extent of its assistance. The Access Campaign supports our field programmes by pushing for improved access to existing medicines, diagnostics and vaccines, and the development of better, more appropriate medicines. MSF also funds research into the development of drugs for neglected diseases.

## ORGANISATIONAL STRUCTURE

MSF is a non-profit, self-governed organisation. Founded in Paris, France in 1971, MSF today is a worldwide movement of associations, with offices all over the world. Specialised organisations – called satellites – are in charge of specific activities such as humanitarian relief supplies, epidemiological and medical research studies, and research on humanitarian and social action.

In 2011, MSF's international governance structure was reformed. MSF International was registered in Switzerland and in December 2011 the first annual MSF International General Assembly (IGA) was held. In subsequent years, the IGA would be held in June. The IGA comprises two representatives of each MSF association, two representatives elected by the individual members of MSF International, and the International President. The IGA is the highest authority of MSF International and is responsible for safeguarding MSF's medical humanitarian mission, and providing strategic orientation to all MSF entities.

The International Board acts on behalf of, and is accountable to, the IGA. It is made up of representatives of MSF's operational directorates as well as a group elected by the IGA, and is chaired by the International President. The International Board prepares and presents the international combined Financial Statements to the IGA for approval.

## ALL THOSE WORKING WITH MSF AGREE TO ABIDE BY THE PRINCIPLES OF THE CHARTER OF MSF AS FOLLOWS:

### THE CHARTER OF MÉDECINS SANS FRONTIÈRES

**Médecins Sans Frontières is a private international association. The association is made up mainly of doctors and health sector workers and is also open to all other professions that might help in achieving its aims. All of its members agree to honour the following principles:**

Médecins Sans Frontières provides assistance to populations in distress, to victims of natural or man-made disasters and to victims of armed conflict. They do so irrespective of race, religion, creed or political convictions.

Médecins Sans Frontières observes neutrality and impartiality in the name of universal medical ethics and the right to humanitarian assistance and claims full and unhindered freedom in the exercise of its functions.

Members undertake to respect their professional code of ethics and to maintain complete independence from all political, economic or religious powers.

As volunteers, members understand the risks and dangers of the missions they carry out and make no claim for themselves or their assigns for any form of compensation other than that which the association might be able to afford them.

# FOREWORD

**The spread of COVID-19 around the world presented MSF with extraordinary challenges in 2020. It also exposed the weaknesses of many health systems and exacerbated the suffering of people in countries where we were already working before the pandemic. As the epicentre of the global public health crisis shifted, we lent our expertise in emergency response and infectious disease control to health authorities and medical staff in certain countries for the first time in our history.**

Although we had to suspend our services in some locations, the relentless commitment and efforts of our teams allowed us – for the most part – to ensure that the communities we serve could still have access to surgery, mother and child care, vaccinations and treatment for other infectious and non-communicable diseases.

We learned valuable lessons too. In any given year, our staff originate from, and move between, more than 140 countries, with locally hired professionals making up nearly 80 per cent of our workforce. In mid-March, the closing of international borders and strict quarantine measures prevented MSF doctors, nurses, technical specialists and support staff from joining or replacing colleagues in the field. Our projects had to manage and mitigate substantial staff shortages, notably in humanitarian crisis settings and conflict zones such as Bangladesh, Nigeria and Yemen. Despite the difficulties, this situation provided an opportunity to accelerate the ongoing process of decentralisation and localisation efforts in the management of key elements of our interventions. It also forced our teams on the ground to find alternative operating solutions, including shifting away from our traditional and mainly European-based supply hubs, to sourcing more equipment and materials locally.

At a time when everyone, everywhere, was affected by the socio-economic impacts of the global health crisis, the generous public response to our appeal for donations to our COVID-19 Crisis Fund was astounding. It is thanks to the €121 million raised in 2020 that we were able to commit resources to dedicated COVID-19 projects and support health systems.

COVID-19 will remain a threat until it is under control everywhere. Only international solidarity and action will ensure fair and equitable access to protective equipment, diagnostic tools, therapies and vaccines. Yet as 2020 drew to a close, nationalistic and “me first” tendencies were trumping solidarity calls, especially as new vaccines had begun to roll out. As the richer countries negotiated to secure a surplus of vaccines for their own people, pharmaceutical companies offered to the highest bidder, leaving low- and middle-income countries out in the cold and unable to benefit from vaccines in the near future.

Against the backdrop of the race to develop vaccines, MSF continues to call for scaling up of resources through optimisation and diversification of manufacturing capacities, including knowledge transfer. To this end, we join other civil society organisations in supporting India and South Africa’s call to waive certain intellectual property rights.

We advocate access to these tools for marginalised people and communities in conflict and crisis settings who have no – or very limited – access to healthcare. Witnessing the situations the most vulnerable face has been at the core of our work since the beginning and we will continue to push for no one to be left behind.

The year 2020 also shone a glaring spotlight on racial injustice and discrimination. The international outrage, protests and debate sparked by the killing of George Floyd in the USA in May 2020 led some organisations – including MSF – to assess their progress in fighting these issues.

An MSF staff member assists a mother and her child on board the *Sea-Watch 4* search and rescue ship. Mediterranean Sea, August 2020. © Hannah Wallace Bowman/MSF

Many of our staff across the globe raised their voices to highlight longstanding issues of structural racism and inequity within MSF. They rightly demanded change. Despite years of raising awareness and implementing improvements, our progress has been far too slow.

To dismantle barriers and ensure that all our colleagues are included, respected and valued as they should be, our Core Executive Committee launched an actionable plan on racism and discrimination towards the end of 2020. It aims to translate commitments into concrete and meaningful outcomes.

Priorities include guaranteeing fairness when it comes to staff recruitment and development, and reviewing how our global workforce is rewarded. Alongside these fundamental equity issues, we need changes in culture and mindsets at both institutional and personal levels. We are also painfully aware the current distribution of power within our movement does not adequately reflect the diversity of our organisation. We now need to explore governance and operational models that will enable us to better help those in need.

In 2020, the MSF movement formally recognised and responded to the medical and humanitarian consequences of climate change, environmental degradation and our own contribution towards it. We decided to hold ourselves accountable through a new Environmental Pact, which entails measuring and minimising our environmental footprint while continuing to deliver high-quality medical and humanitarian assistance. It is also a commitment to work with others to develop and share knowledge about the humanitarian consequences of climate and environmental changes.

As we embark on changing the way we understand and respond to crises, we know that we must do more, without compromising the quality and relevance of our medical humanitarian action.

**Dr Christos Christou**  
International President

**Christopher Lockyear**  
Secretary General

# YEAR IN REVIEW

By the Directors of Operations: Oliver Behn, Dr Marc Biot, Dr Isabelle Defourny, Michiel Hofman, Christine Jamet, Teresa Sancristoval

**The year 2020 was extremely challenging for people all over the world, as they experienced extraordinary levels of disease, loss, fear and isolation due to the COVID-19 pandemic and its consequences. In many countries where Médecins Sans Frontières (MSF) works – and some in which we normally don't – the pandemic exacerbated existing healthcare issues caused by conflict, displacement and poverty.**

In one of the most demanding years in our almost half-century of providing assistance, our teams worked in nearly 90 countries to respond to COVID-19 and other emergencies, violence and disease outbreaks, that were made more complex by the pandemic.

## COVID-19 – A GLOBAL PANDEMIC, GLOBAL IMPACT

Although the COVID-19 pandemic was ever present, it was a secondary problem for many people in the countries in which we usually work. People continued to die of malaria, malnutrition and other diseases, often for lack of available healthcare. Vaccination campaigns were cancelled, and travel restrictions prevented people from reaching clinics. While responding to COVID-19, we also focused on maintaining access to healthcare and helping to prevent health systems from being overwhelmed.

We fought to continue our day-to-day work, working to avoid the 'ripple effect' of illness and deaths from other diseases. For example, we largely managed to maintain our HIV, hepatitis C and tuberculosis programmes, with adapted protocols and alternative approaches to provide treatment, while protecting patients and staff from COVID-19. In other cases, we tried to close gaps in healthcare. Staff in our Nablus maternity hospital, in Mosul, Iraq, increased capacity when other facilities in the city closed because of COVID-19. However, in some places the pandemic forced us to suspend activities; in Pakistan, our treatment programme for cutaneous leishmaniasis was put on standby, and a maternity hospital closed for two weeks when many staff became sick.

MSF initiated COVID-19 activities in January, assisting vulnerable people in Hong Kong. In February and March, as borders and airports closed, it became increasingly difficult to move supplies and staff to our projects. The scramble to find scarce personal protective equipment (PPE) in early 2020 made it hard to ensure staff and patients were adequately protected, and highlighted glaring inequalities between wealthier and poorer countries.

Although our fears of the virus overwhelming the most under-resourced health systems weren't realised, the countries we work in were not entirely spared. Our teams treated patients with severe COVID-19 in Haiti, South Africa and Yemen, for example. In Yemen, we ran the only two COVID-19 treatment centres in the city of Aden, managing huge influxes of patients in critical condition, often with insufficient ventilators for patients and PPE for staff.

Meanwhile, our teams found themselves working in wealthy countries – in some cases for the first time – to bridge a knowledge gap in outbreak response. In Europe and the US, we assisted vulnerable and marginalised groups of people whom the authorities had forgotten, if not abandoned. Among these groups – including the elderly, the homeless and migrants – the rates of the disease soared. In Spain, Belgium and the US, we focused on responding in communal living facilities, including nursing homes; in France, we found infection rates of 94 per cent in a workers' hostel in Paris. We worked with the homeless and migrants in many countries, including Italy, Switzerland and Brazil.

During 2020, we continuously adapted our response as we gathered more knowledge about the virus. Our teams conducted consultations via telephone or online. We used innovative techniques such as 3D simulations to teach nursing home staff in Spain how to manage a flow of people to reduce infections. We repurposed existing facilities; for example, transforming our burns treatment centre in Port-au-Prince, Haiti, and our surgical units in Mosul, Iraq and in Bar Elias, Lebanon into COVID-19 hospitals. We spoke out about inequalities, with MSF's Access Campaign urging pharmaceutical companies not to profit from the pandemic and calling on governments to challenge patent monopolies on tools to allow faster, cheaper access to them in the countries where we work.

## PUNISHING PEOPLE ON THE MOVE

COVID-19 had a far-reaching impact on other areas where we work. Governments used the pandemic as an excuse to punish or deprive migrants of their rights and services, imposing restrictions on the movement of refugees in camps in Bentiu, South Sudan, and Cox's Bazar, Bangladesh. The Greek authorities used flimsy town planning-related excuses to close our COVID-19 isolation centre for migrants trapped on Lesbos. In May, we called on the US and Mexican authorities to halt mass deportations of people from pandemic hotspots to countries in Central America and the Caribbean with more fragile health systems.

When possible, we continued our search and rescue activities in the Mediterranean Sea – first on *Ocean Viking*, and then on *Sea-Watch 4* – to assist people fleeing the dire conditions in Libya. But NGO search and rescue efforts were repeatedly targeted by Italian authorities: at one stage virtually all NGO vessels were detained over minor technical issues, leaving little or no NGO rescue capacity in the Mediterranean. The *Sea-Watch 4* was detained for six months from September.

European authorities maintained their hard stance on migrants and refugees, resulting in the routine destruction of camps in Paris, and continued pushbacks and abuse by authorities in the Balkans. Harsh containment measures and deplorable living conditions in Moria, Greece, led to the camp being burnt to the ground in September. In each of these locations, we provided medical assistance and psychological support.

## PROVIDING CARE IN CONFLICT ZONES

In 2020, we were forced to temporarily suspend or scale back some of our activities after violence against our facilities and staff, including in Taiz, Yemen; Borno state, Nigeria; Fizi territory, Democratic Republic of Congo (DRC); and northwestern Cameroon. On 12 May, following an attack on the maternity wing in Kabul's Dasht-e-Barchi hospital, Afghanistan, in which 16 mothers and an MSF midwife were killed, we had no option but to close the facility, thereby depriving women and babies of critically needed obstetric and neonatal care.

Our teams continued to assist displaced people living in camps across North and South Kivu and Ituri provinces in northeastern DRC, where

MSF staff delivering measles vaccines by motorbike take a break while on their way to Boso Manzi, Mongala province, to respond to an area badly hit by the measles epidemic. Democratic Republic of Congo, February 2020. © Caroline Thirion/MSF

violence has surged; and in Mozambique's Cabo Delgado province, where an ongoing, largely invisible conflict has driven thousands from their homes. In June, following an upsurge in intercommunal clashes in Greater Pibor, South Sudan, we sent mobile teams to provide emergency care to the traumatised communities who had fled into the bush.

In 2020, instability and violence continued across the Sahel – including in Burkina Faso, Mali and Niger – leading to the mass displacement of people and increasing humanitarian needs, which MSF teams did their best to respond to.

In October, conflict broke out between Armenia and Azerbaijan in Nagorno-Karabakh. During the fighting, MSF teams assessed needs and offered emergency assistance, before setting up regular programmes in December.

In early November, Ethiopia's prime minister ordered military action against the Tigray People's Liberation Front in the northern region of Tigray. By the end of the year, violent clashes had displaced hundreds of thousands of people both across Tigray and into neighbouring Sudan, where they sought refuge in makeshift camps. Our teams delivered food, water, sanitation services and healthcare to displaced people and host communities on both sides of the border.

## RESPONDING TO NATURAL DISASTERS AND DISEASES

In recent years, we've responded to emergencies brought on by a changing climate. In Niamey, Niger, where more rains have brought floods, our teams have observed and responded to increases in malaria and malnutrition cases, the latter due to wiped-out crops.

Across the Sahel, climate change has contributed to an imbalance of land available to livestock herders and farmers.<sup>1</sup> The competition over resources and the authorities' inability to negotiate access to land have resulted in conflict between the two groups, adding to the violence and insecurity across the region.

Whether or not they were the consequences of climate change, MSF teams continued to respond to natural disasters and outbreaks of disease. In 2020, we assisted people affected by storms in El Salvador, floods in Somalia, Sudan and South Sudan, and a hurricane in Honduras.

Our teams also ran malaria treatment and prevention campaigns in countries such as Venezuela, Nigeria, Burundi and Guinea, and treated patients with cholera and acute watery diarrhoea in Kenya, Ethiopia, Mozambique and Yemen.

More than two and a half years of consecutive Ebola outbreaks in DRC ended in November 2020, by which time over 2,300 people had died. MSF teams treated patients and assisted the authorities to control all three outbreaks.

The large-scale measles epidemics of 2019 persisted into 2020, with DRC, CAR and Chad particularly hard hit. Outbreaks in Mali and South Sudan have also killed thousands of children. Some die at home, many without ever receiving proper medical care. Where possible, MSF teams provided treatment and undertook mass vaccination campaigns; the latter were frequently interrupted or cancelled though, due to COVID-19, as were routine vaccinations.

In 2021, we remain committed to doing our utmost to identify and help those in need, regardless of their race, religion or political conviction.

# COVID-19 CRISIS FUND INCOME AND EXPENSES

In late March 2020, Médecins Sans Frontières (MSF) inaugurated the COVID-19 Crisis Fund, aiming to raise €150 million to cover the substantial additional costs, both of new COVID-19 interventions and of the impact of the pandemic on our ongoing projects.

From April to December 2020, fundraising teams from 35 MSF offices raised more than €123 million for the Crisis Fund (more than 80 per cent of the fundraising target), with the largest share of contributions coming from private donors in the United States, Japan, Switzerland, Spain, Germany and the United Kingdom.

From the beginning of the pandemic to the end of 2020, programme expenses allocated to MSF's COVID-19 response amounted to more than €115 million. Medical activities (€42 million, 36%), and personnel costs (€40 million, 34%), in MSF projects together made up more than 70% of actual expenditure, followed by travel and accommodation (€10.5 million, 9%), office costs (€9.8 million, 8%), and logistics and sanitation (€8.8 million, 8%).

An additional €1.3 million were spent on programme support activities and international awareness and advocacy campaigns coordinated by MSF's International Office.

A major share of programme expenses covered by the Crisis Fund was incurred in MSF projects in humanitarian settings and conflict zones, where resources for COVID-19 treatment facilities and essential healthcare were particularly scarce. MSF's largest and most cost-intensive COVID-19 operations in 2020 were in Yemen (€9 million), the Democratic Republic of Congo (€7.6 million), Bangladesh (€6 million), South Sudan (€5.9 million), and Iraq (€5.1 million), together accounting for more than a quarter of expenses by the end of the year.

A sizeable share of expenses was also incurred by MSF COVID-19 interventions in hard-hit middle-income countries such as Brazil (€4.1 million) and Lebanon (€3.2 million), as well as high-income countries like Belgium (€3.3 million), France (€2.0 million), Italy and Spain (€1.7 million each).

# TREASURER'S REPORT

## COMBINED ACCOUNTS 2020

MSF is pleased to present its audited combined Financial Statements. The combined accounts represent an aggregation of the audited Financial Statements of the entities listed on page 19, comprising 23 sections, 9 branch offices, 9 satellite organisations and MSF International. The combined Financial Statements give a view of MSF's work internationally and are a means of providing transparency and accountability to all stakeholders. This year's report will highlight separately our COVID-19-related activities.

## INCOME

Thanks to an incredible movement of solidarity and generosity from our donors, 2020 saw a 17 per cent increase in operating income, at €1.902 billion (€1.622 billion in 2019). This increased support to our social mission has materialised in almost all countries where MSF is raising funds. Income from foundations and companies have increased by 55 and 53 per cent, respectively. Gifts from individual donors, with a 14 per cent increase, represent, however, more than 70 per cent of the total additional income. Half of the increase in income, or €123 million, came from earmarked fundraising for the COVID-19 Crisis Fund.

MSF's individual donor base has increased to 7 million individual supporters who, together with private institutions, provided 97.2 per cent of MSF's income in 2020. Income from States and public and multilateral organisations was €26 million, representing 1.4 per cent of total income (same as in 2019). The remaining 1.4 per cent of MSF income came mainly from sales of relief goods to other humanitarian organisations, and from interest on financial investments.

## EXPENDITURE

Total operating expenditure in 2020 was €1.679 billion, slightly below the level of 2019. Social mission expenditure, representing 81 per cent (same as in 2019), saw a €18 million decrease; general management and administration expenditure decreased by €6 million (representing 4.5 per cent of total expenditure); while fundraising expenditure increased by €21 million (14.9 per cent of total expenditure, against 13.6 per cent in 2019), partly related to the increased volume in donations. The travel restrictions imposed due to COVID-19 impacted our ability to fully deploy our operational plans. COVID-19 earmarked income was, however, almost entirely spent in 2020, with only €3.4 million remaining for 2021.

The table below breaks down these categories further still:

	<i>In millions of €</i>	
	2020	2019
Programmes	1,081	1,093
Programme support	202	208
Awareness-raising and Access Campaign	43	45
Other humanitarian activities	26	25
<b>Total social mission</b>	<b>1,352</b>	<b>1,371</b>
Fundraising	250	229
Management and general administration	77	85
<b>Total other expenses</b>	<b>327</b>	<b>314</b>
<b>Total</b>	<b>1,679</b>	<b>1,685</b>

## PROGRAMME EXPENDITURE

Countries where we ran programmes with spending over €20 million in 2020 are listed below:

	<i>In millions of €</i>	
	2020	2019
Democratic Republic of Congo	114	133
South Sudan	78	85
Yemen	76	75
Central African Republic	69	58
Nigeria	45	47
Iraq	39	46
Afghanistan	33	35
Bangladesh	33	29
Syria	32	41
Lebanon	31	31
Mali	27	17
Niger	27	28
Kenya	26	27
Haiti	23	18
Sudan	23	19
Burkina Faso	22	7
Cameroon	21	18

Those countries listed above accounted for 67 per cent of MSF's 2020 programme expenditure (2019: 64 per cent for the same countries). Due to the COVID-19 pandemic spreading all over the world, the number of countries in which MSF had interventions in 2020 saw a substantial increase, from 72 to more than 85. Expenditure in each country of intervention is set out in more detail on pages 39 to 76 of this report.

## RESULT FOR THE YEAR, RESERVES AND CASH

The result for 2020, after adjusting for exchange gains/losses, shows a surplus of €192 million (against a deficit of €47 million for 2019). The foreign exchange net result is a deficit of €22 million, corresponding mainly to unrealised losses on assets labelled in US Dollar (cash, receivables, etc.), which depreciated by 10 per cent against the euro over the course of 2020.

After three consecutive years of deficit, this large 2020 surplus brings our reserves back to the level of that in 2016. MSF has a reserves policy, at an international level, of holding retained earnings and equity to cover working capital needs, buffer capital, investments and emergencies. The level of reserves (organisational capital and restricted funds) as at 31 December 2020 was €1.136 billion, equivalent to approximately 8.1 months of the year's activity (6.9 months for 2019). The level of cash and cash equivalents as at 31 December 2020 was €828 million (€678 million in 2019).

Yvan Legris

To the Members of the General Assembly of  
**Médecins Sans Frontières International, Geneva**

Geneva, 25 May 2021

## Report of the Independent Auditors to the Members of the Médecins Sans Frontières International General Assembly on the combined financial statements

As independent auditors we have been engaged to audit the accompanying combined financial statements of Médecins Sans Frontières International (the reporting entity, consisting of the entities set out in note 1.2 to the combined financial statements), on pages 12 to 38, which comprise the statement of financial activities, statement of financial position, statement of changes in funds, statement of cash flows and notes for the year ended 31 December 2020.

### International Board's responsibility for the combined financial statements

The International Board is responsible for the preparation of these combined financial statements in accordance with the requirements of Swiss GAAP FER. This responsibility includes designing, implementing and maintaining an internal control system relevant to the preparation of the combined financial statements that are free from material misstatement, whether due to fraud or error. The International Board is further responsible for selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

### Auditors' responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audit. We conducted our audit in accordance with Swiss Auditing Standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control system relevant to the entity's preparation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the existence and effectiveness of the entity's internal control system. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made, as well as evaluating the overall presentation of the combined financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the combined financial statements for the year ended 31 December 2020 give a true and fair view of the financial position, the results of operations and the cash flows in accordance with Swiss GAAP FER.

### Emphasis of matter

We draw attention to Note 1 of the combined financial statements, which describes their basis of preparation. Our opinion is not modified in respect of this matter.

# STATEMENT OF CHANGES IN FUNDS

Funds represent the cumulative surpluses and deficits of current and previous years. They comprise:

- Restricted funds, which include permanently and temporarily restricted funds (see definition of restrictions in note 2.1). Permanently restricted funds may be capital funds, where the assets are required by the donors to be invested or retained for long-term use, rather than expended short term, or they may be the minimum compulsory level of funds to be maintained in some countries. Temporarily restricted funds are funds that MSF will be allowed to use after the end of the contractual commitment.
- Organisational capital, which represent: capital for foundation; compulsory retained earnings within certain combined entities; translation adjustments arising from the translation of entities' financial statements into euros; and unrestricted funds, which are unspent donor non-designated funds to be spent at the discretion of MSF to further its social mission.

The details of temporarily restricted funds by destination are disclosed overleaf (page 15-16), where only countries to which more than €600,000 worth of movements in funds are disclosed (countries presenting movement of funds below this threshold are presented together in the line 'Other projects and transversal activities'). Funds received and used for response to COVID-19 pandemic have been isolated in a separate section (page 16).

Restricted funds donated to MSF are generally spent in the same year and not kept in reserves. A fund presenting a clear balance at year end does not mean that MSF is no longer active in the country, but that funds restricted to this country are depleted.

MSF's decision to intervene in a given context is primarily driven by medical and humanitarian needs and not by the allocation of received grants or donations. MSF accepts earmarked funds only for causes where medical programmes already exist, and relies first on unallocated funds to ensure the continuity of all ongoing and new interventions.

Other movements in the changes in funds mostly relate to reclassification or changes in the nature of reserves of corresponding funds, e.g. funds restricted in time but not in destination reaching their maturity date, and being thereof released from their restriction.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2020

# 1 BASIS OF REPORTING

## 1.1 BASIS OF PREPARATION

These Financial Statements are based on a combination. A combination aggregates the Financial Statements of several separate entities which are not inter-related by investments into a single group, whereas a consolidation collates different affiliates of a single parent entity in its Financial Statements. All entities are combined following the combination method outlined under 1.2. These Financial Statements were reviewed by the International Board on 25 May 2021 and will be presented for approval by the International General Assembly on 25 June 2021.

## 1.2 BASIS OF COMBINATION

### Scope of combination

The following entities' results were included based on the specific method described in this disclosure:

MSF Australia	1–9 Glebe Point Road, Glebe NSW 2037, Australia
MSF Austria	Taborstraße 10 A-1020, Vienna, Austria
MSF Belgium	Rue de l'Arbre Bénit 46, 1050 Brussels, Belgium
MSF Brazil	Avenida Rio Branco, 135 - 11 Andar Centro CEP 20040-912 Rio de Janeiro, RJ Brazil
MSF Canada	551 Adelaide Street West, Toronto, Ontario M5V 0N8, Canada
MSF Colombia	Transversal 17 N° 45D-31, Bogotá, Colombia
MSF Czech Republic	Lékaři bez hranic, o.p.s, Zenklova 2245/29, 180 00 Praha 8, Czech Republic
MSF Denmark	Strandlodsvej 44, 2, 2300 København S, Denmark
MSF Eastern Africa	3rd Floor, Pitman House, Jakaya Kikwete Road, Nairobi, Kenya
MSF Finland	Kumpulantie 5, 00520 Helsinki, Finland
MSF France	14-34 avenue Jean Jaures, 75019 Paris, France
MSF Germany	Am Köllnischen Park 1, 10179 Berlin, Germany
MSF Greece	15 Xenias St., 115 27 Athens, Greece
MSF Holland	Plantage Middenlaan 14, 1018 DD, Amsterdam, Netherlands
MSF Hong Kong	22/F Pacific Plaza, 410– 418 Des Voeux Road West, Sai Wan, Hong Kong
MSF India	5th Floor, Okhla NSIC Metro Station Building, New Delhi - 110020
MSF International	Rue de Lausanne 78, Case Postale 1016, CH-1211 Geneva 1, Switzerland
MSF Ireland	9–11 Upper Baggot Street, Dublin 4, Ireland
MSF Italy	Via Magenta 5, 00185 Rome, Italy
MSF Japan	Forecast Waseda FIRST 3F, 1-1 Babashita-cho, Shinjuku-ku, Tokyo 162-0045, Japan
MSF LAT	Avenida Santa Fe 4559 C1425BHH, Ciudad de Buenos Aires, Argentina
MSF Logistique	3 Rue du Domaine de la Fontaine, 33700 Mérignac, France
MSF Luxembourg	68, rue de Gasperich L-1617, Luxembourg
MSF Luxembourg Etablissement d'Utilité Publique	68, rue de Gasperich L-1617, Luxembourg

Shared IT Services	Lékaři bez hranic, o.p.s, Zenklova 2245/29, 180 00 Praha 8, Czech Republic

Shared IT Services were added to the combined reporting as of 1 January 2020. MSF LAT was previously reported as MSF Argentina.

The combined Financial Statements comprise the: Statement of Financial Activities, Statement of Financial Position, Statement of Changes in Funds, Statement of Cash Flows, and Notes to the Financial Statements.

#### Equity accumulation

Since the first combination of an entity does not result from the purchase of shares, combined organisational capital represents the aggregation of combined entities' capital. Investments between combined entities are eliminated against capital.

#### Initial measurement of the combined entities' assets and liabilities

Since the first combination of an entity does not result from the purchase of shares but from a pooling of economic interests, neither goodwill nor fair value adjustments exist. The assets and liabilities of each combined entity are initially measured at net book value, based on the Swiss Generally Accepted Accounting Principles and all transactions between entities have been eliminated.

#### Subsequent measurement of the combined entities' assets and liabilities

After the first combination, capital gains or losses, provision allowances and reversals contribute to the combined surplus or deficit. Subsequent measurements of the assets and liabilities are booked, respectively, at the net book value less depreciation and impairment, and at par value. For further details, refer to the corresponding notes.

### 1.3 RELATED PARTIES

All the entities disclosed above are related parties, as well as the International Board members disclosed under Note 5.4.4.2 – Remuneration of International Directors and Managers.

### 1.4 BASIS OF PRESENTATION

The combined Financial Statements comply with the articles of the association MSF International, and with the Swiss Generally Accepted Accounting Principles (Swiss GAAP FER/RPC including Swiss GAAP FER/RPC 21).

The Financial Statements are presented in euros. They are prepared in accordance with the historical cost convention.

Figures are rounded to the nearest thousand euros. Rounding differences may exist within summations.

### 1.5 CURRENCY CONVERSION

The individual Statements of Financial Position of the combined entities are translated into euros at the year-end rate.

The individual Statements of Financial Activities of the combined entities are translated at the average rate for the current year (see note 2.2.9).

The translation reserve is recognised in the Statement of Financial Positions and summarises the gains/losses resulting from varying exchange rates over the years. The main currency exchange rates compared to the euro are as follows:

	Closing rate		Average rate	
	2020	2019	2020	2019
ARS	103.15	66.97	80.30	53.56

## 1.6 CHANGE IN ACCOUNTING POLICIES AND DISCLOSURES

The 2020 Financial Statements do not contain any changes in accounting policies compared with 2019. The 2020 Financial Statements present some minor disclosure reclassifications of 2019 figures: isolation of the financial result; more detail in disclosure of provisions; and review of the overall layout of the cash-flow statement.

## 1.7 FINANCIAL RISK MANAGEMENT

Due to the nature of its activities, MSF might be exposed to financial market risk - including foreign currency risk, interest rate risk, credit risk and liquidity risk.

Risk management is conducted by each MSF entity Board of Directors. Risks are assessed in collaboration with the operating units and any mitigation measure is decided and implemented under the regular supervision of each entity Board of Directors.

### Foreign currency risk

Some MSF entities use forward foreign exchange contracts to hedge the exposure to foreign exchange risks arising from significant internal transfers denominated in a different currency to the one in which the income is recognised or the expenditure will be incurred.

### Interest rate risk

There is no interest rate risk for MSF since all long-term loans are at fixed rates.

### Credit risk

MSF prioritises the security of its cash and cash equivalents. Investments are generally held in liquid securities, and in banks of high credit rating. The receivables are mostly from states with a low credit risk. Other positions are not material, or are covered by provisions. Investments are allowed only in liquid securities and only with counterparties that have a high credit rating.

### Liquidity risk

The income stream of MSF is unpredictable and volatile. The expenditure, while more predictable, is subject to unforeseen fluctuations due to unplanned emergencies. The liquidity risk arises from this mismatch of timing between flows of income, operating expenses and capitalised expenses. It is managed through a policy of holding sufficient levels of reserves to safely cover working capital needs, provide a buffer and support our response to emergencies. The reserve levels are regularly monitored to minimise the liquidity risk.

## 2 NOTES TO THE STATEMENT OF FINANCIAL ACTIVITIES

### 2.1 OPERATING INCOME

MSF's income comprises contributions from public generosity and public institutional bodies, as well as revenues from other activities. Private income is donated by individuals and private organisations (companies, trusts and foundations, and other non-profit organisations). Public institutional income represents grants (i.e. contributions based on contracts for specific projects), subsidies and donations received from or pledged directly by public institutional bodies, such as governments or agencies. Other income is mainly from merchandising, equipment and services provided to others, and financial transactions.

#### Restrictions

Income is considered as restricted only when subject to a donor-imposed restriction. Donors include all the external parties that contribute to MSF's resources. A donor-imposed restriction is a stipulation and limitation on the use of contributed assets or monetary donations. The restriction can relate to purpose (country, programme or activity), time or other specific wishes (e.g. vaccines). Funds received for emergencies are treated as restricted if the emergency is explicitly specified by the donor or can be inferred from the circumstances, but are otherwise regarded as unrestricted, as the provision of emergency aid embodies MSF's mission.

Donations with donor-imposed restrictions are reported as restricted for their full amount. Restricted funds that have not been used at the end of the year are presented in separate sections of the balance sheet.

#### Donations

Donations are based on non-reciprocal transfers of cash or other assets, or cancellation of liabilities. They are recognised as income upon receipt.

#### Grants

Grants, whether public or private, are recognised as income for the allowable expenses incurred in the current year. At year-end, the difference between the cash received and the cumulative expenses incurred is accounted for as grants receivable and deferred income.

#### In-kind donations and services

Occasionally, MSF receives donations in kind, primarily in the form of the free use of goods or services (drugs and medical equipment in the field, consultancies and travel miles in headquarters). These contributions, as acts of volunteering to work in MSF's humanitarian projects, are not recorded in the accounts. They are estimated at the fair market value based on the donation certificate or on the contract entered into with the donors as follows:

	<i>In thousands of €</i>	
	<b>2020</b>	<b>2019</b>
Headquarters	3,635	1,779
Field programme expenses	1,747	1,996
In-kind donations - COVID	1,278	-
<b>In-kind donations and services</b>	<b>6,660</b>	<b>3,775</b>

## 2.1.1 PRIVATE INCOME

	<i>In thousands of €</i>	
	2020	2019
Donations	1,300,157	1,118,473
Legacies and bequests	298,511	281,683
Membership fees	123	134
<b>Income from individuals</b>	<b>1,598,791</b>	<b>1,400,291</b>

Legacies and bequests are accounted for at their best estimated amount when legally transferred to MSF.

	<i>In thousands of €</i>	
	2020	2019
Companies	95,230	62,325
Trusts and foundations	115,046	74,215
Lottery and special events	35,331	29,606
Joint appeals	828	711
Other private institutions	2,857	3,030
<b>Income from private institutions</b>	<b>249,292</b>	<b>169,887</b>

## 2.1.2 PUBLIC INSTITUTIONAL INCOME

The table below presents the breakdown of donations and grants awarded by public institutional bodies. Funds are not accepted from governments or other parties who are directly involved in conflicts to which MSF is responding. In 2016, MSF decided to suspend funding from the EU, its Member States and Norway in response to EU decisions on migration policy.

	<i>In thousands of €</i>	
	2020	2019
Switzerland	11,731	7,802
Canada	6,601	6,833
Japan	2,294	405
International Drug Purchase Facility (UNITAID)	2,543	2,493

Bank fees	4,014	856	<b>4,870</b>	208	<b>7,976</b>	10,442
Others	565	218	<b>783</b>	1	<b>18,056</b>	21,851
<b>TOTAL BEFORE OVERHEADS</b>	<b>238,302</b>	<b>62,789</b>	<b>301,091</b>	<b>64,368</b>	<b>1,679,809</b>	<b>1,683,537</b>
Overheads allocation	11,338	14,742	26,080	-64,368	-	-
<b>TOTAL AFTER OVERHEADS ALLOCATION</b>	<b>249,640</b>	<b>77,531</b>	<b>327,171</b>	-	<b>1,679,809</b>	<b>1,683,537</b>

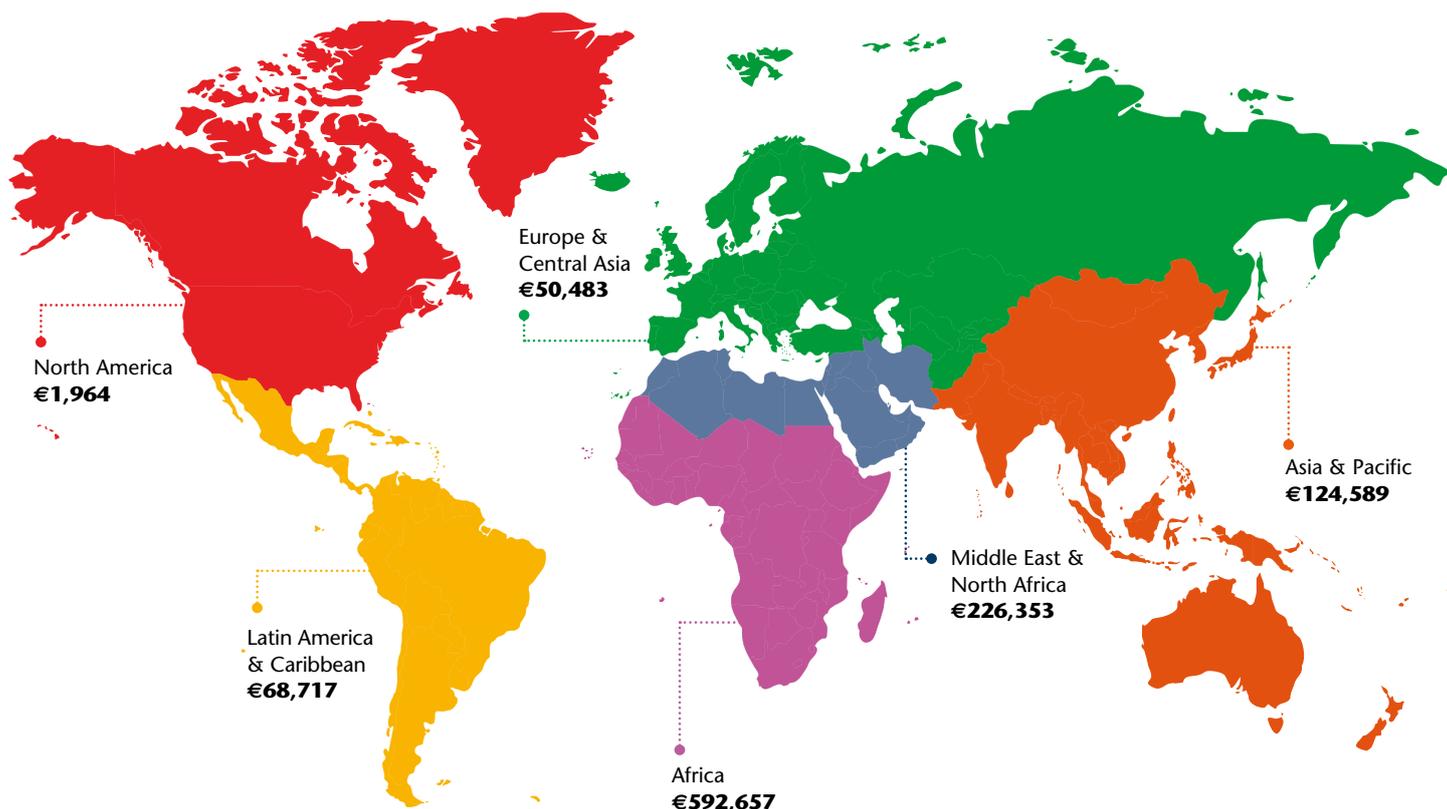

Expenses are allocated according to the full cost method. The principle of the full cost method is to collate under each expense category not only the direct costs that are specifically associated with it (direct allowable costs), but also an apportionment of the indirect costs (overheads). Therefore, all expenditure categories include salaries, direct costs and allocated overheads (e.g. building costs and depreciation).

Overheads correspond to expenses which are required to operate general organisational functions, and which cannot be directly attributed to any other cost category.

**2.2.2 PERSONNEL EXPENSES***In thousands of €*

	Employees in headquarters	International field staff	Locally hired field staff	Consultants	2020	2019

Financial expenses	1,517	81	55	125	938	-	53	2,768	2,965
Taxes	997	571	499	92	185	-	192	2,537	2,867
Others	6,145	1,938	788	1,239	1,975	-	295	12,380	14,144
<b>Programmes</b>	<b>592,657</b>	<b>124,589</b>	<b>50,483</b>	<b>68,033</b>	<b>227,036</b>	<b>1,964</b>	<b>15,962</b>	<b>1,080,724</b>	<b>1,092,160</b>

Programme expenses represent expenses incurred in the field or by the headquarters on behalf of the field, as well as grants/donations awarded/given to other organisations.

Transversal expenses are composed of activities covering more than one country, such as search and rescue operations, which represent €2.6 million, and other transversal and unallocated activities.

## 2.2.4 PROGRAMME SUPPORT

Programme support relates to expenses incurred in headquarters and regional offices in order to carry out MSF humanitarian operations (e.g. project design, monitoring and evaluation, recruitment of international staff, activities designed to improve the quality and the effectiveness of MSF operations).

## 2.2.5 AWARENESS-RAISING AND ACCESS CAMPAIGN

Awareness-raising costs comprise expenses incurred by MSF public communications activity in furtherance of its social mission. They represent the situations where MSF acts as a witness and speaks out about the plight of the people it serves to alert, mobilise or denounce, and put pressure on responsible parties in order to stimulate action. It is also when we provide public information to render account of our action and the field reality we see.

MSF's Access Campaign is made up of a team of medical, legal, policy and communications specialists. It pushes to lower the prices of existing drugs, vaccines and diagnostic tests; to stimulate research and development into new treatments for diseases that primarily affect the poor; and to overcome other barriers that prevent patients getting the treatment they need.

	<i>In thousands of €</i>	
	<b>2020</b>	<b>2019</b>
Awareness-raising	37,319	38,599
Access Campaign	5,242	6,387
<b>Total</b>	<b>42,561</b>	<b>44,986</b>

## 2.2.6 OTHER HUMANITARIAN ACTIVITIES

The other humanitarian activities consist primarily of the cost of the goods sold and services provided to other organisations, as well as MSF's contribution to the Drugs for Neglected Disease *initiative* (DNDi, see Note 5.1).

## 2.2.7 FUNDRAISING

Fundraising expenses represent the costs incurred for raising funds from all possible sources of income, be they private or public institutional.

## 2.2.8 MANAGEMENT AND GENERAL ADMINISTRATION

Management and general administration consists primarily of expenses associated with executive management, headquarters finance and human resources management, internal communication and the associative life of the organisation.

## 2.2.9 NET EXCHANGE GAINS / LOSSES UNREALISED AND REALISED

Net realised exchange gains/losses represent the gains/losses generated from foreign currency transactions entered into during the year by the various offices. Net unrealised gains/losses represent the gains/losses resulting from the revaluation of the Statement of Financial Position items of reporting entities that are not expressed in their functional currency.

## 2.3 FINANCIAL ACTIVITIES

Financial activities represent income and expenses resulting from financial and investment activities.

	<i>In thousands of €</i>	
	<b>2020</b>	<b>2019</b>
Financial income	4,441	10,602
Financial expenses	-1,036	-1,081
<b>Financial surplus</b>	<b>3,405</b>	<b>9,521</b>

## 2.4 EXTRAORDINARY ACTIVITIES

Exceptional activities represent income and expenses not related to operating or financial activities. In 2020 they relate to the sale of the main headquarters building in Geneva (Extraordinary income referred to the sale price, while extraordinary expenses referred to the write-off of the net book value), and to an exceptional provision for tax.

	<i>In thousands of €</i>	
	<b>2020</b>	<b>2019</b>
Extraordinary income	15,356	23
Extraordinary expenses	-26,950	-
<b>Extraordinary (deficit)/surplus</b>	<b>-11,594</b>	<b>23</b>

# 3 NOTES TO THE STATEMENT OF FINANCIAL POSITION

## 3.1 CASH AND EQUIVALENTS

	<i>In thousands of €</i>	
	2020	2019
Short-term deposits	223,058	215,547
Cash at headquarters	534,988	401,088
Cash in the field	69,578	61,613
<b>Cash and cash equivalents</b>	<b>827,624</b>	<b>678,248</b>

MSF considers short-term deposits, cash at headquarters and cash in the field as cash and cash equivalents. Amounts are valued at fair value with any resulting gains or losses recognised in the Statement of Financial Activities.

## 3.2 INVENTORIES

			<i>In thousands of €</i>	
	Gross value	Provision	2020	2019
Medical and non-medical relief goods	74,534	-4,620	69,914	55,024
Other inventories	1,007	-	1,007	815
<b>Inventories</b>	<b>75,541</b>	<b>-4,620</b>	<b>70,921</b>	<b>55,839</b>

Inventories held at headquarters and by satellites are recorded at the weighted average of the purchase price, which is below the selling price. All goods and materials present in the field are recognised as expenses when transferred from the headquarters and satellites to the field, or when bought locally, because of the fast turnover and their non-commercial destination. Appropriate inventory provisions are recorded based on stock usage, expiry date and any damage.

## 3.3 GRANTS RECEIVABLE

			<i>In thousands of €</i>	
	Gross value	Provision	2020	2019
<b>Grants receivable from private donors</b>	<b>24,633</b>	-	<b>24,633</b>	<b>25,673</b>
<b>Grants receivable from public institutions</b>	<b>8,750</b>	-	<b>8,750</b>	<b>12,979</b>
UNITAID	4,164	-	4,164	2,571
Global Fund to Fight AIDS, Malaria and Tuberculosis	1,193	-	1,193	2,854
Swiss Government	579	-	579	7,542
Other public institutions	2,814	-	2,814	11
<b>Grants receivable</b>	<b>33,383</b>	-	<b>33,383</b>	<b>38,652</b>

Grants receivable correspond to funds owed to MSF by third parties according to a formal agreement. They result from the differences between the total amount of the grant and the funds received for each of these agreements.

## 3.4 CONTRIBUTIONS RECEIVABLE

At 31 December 2020, the outstanding amount represents 49,968 thousand euros (2019: 51,118 thousand euros) and is expected to be received within the following year.

Contributions receivable include donations sent by donors before year-end for which the corresponding cash has been collected by MSF in the month following year-end. They are accounted for at their cost net of impairment.

There is no provision for contributions receivable stated at 31 December 2020.

### 3.5 OTHER RECEIVABLES

Other receivables mainly relate to property received from legacies and bequests not yet sold, as well as to services provided and goods sold to other organisations.

	Gross value	Provision	2020	2019
Services provided to other organisations	6,381	-3	6,378	7,095
Legacies receivable	97,976	-	97,976	70,568
Other receivables	19,559	-151	19,408	13,563
<b>Total</b>	<b>123,916</b>	<b>-154</b>	<b>123,762</b>	<b>91,226</b>

In thousands of €

### 3.6 FINANCIAL ASSETS

	Gross value	Provision	2020	2019
Long-term investments	40,720	-	40,720	40,121
Other financial assets	12,124	-87	12,037	7,402
<b>Financial assets</b>	<b>52,844</b>	<b>-87</b>	<b>52,757</b>	<b>47,523</b>

In thousands of €

Financial assets are stated at acquisition cost less impairment. Changes in the value of long-term investments are recorded in the Statement of Financial Position.

### 3.7 INTANGIBLE ASSETS, PROPERTY, PLANT AND EQUIPMENT

Intangible assets are mainly composed of software and licences.

Property, plant and equipment (PPE) are mainly composed of the head offices of some entities.

	Net value 2019	Additions	Disposals	Depreciation and amortisation	Foreign exchange gain / loss	Reclassification	Net value 2020
<b>Intangible assets</b>	<b>23,859</b>	<b>6,571</b>	<b>-151</b>	<b>-6,920</b>	<b>-279</b>	<b>-1,086</b>	<b>21,993</b>

<b>Total intangible assets and PPE</b>	<b>249,402</b>	<b>46,232</b>	<b>-2,981</b>	<b>-16,957</b>	<b>1,862</b>	<b>2,184</b>	<b>279,741</b>

The intangible assets, property, plant and equipment held by MSF are capitalised when they are held to be used for the activity, or for administrative purposes, and when they are expected to be used over more than one year.

Intangible assets are recorded at cost (or historical value), net of accumulated amortisation and impairment losses. They are amortised on a straight-line basis over their estimated useful lives.

Property, plant and equipment are recorded at their acquisition cost, including incidental expenses. They are depreciated using the straight-line method over their estimated useful lives, using the component approach. Land is not depreciated.

All assets are depreciated following the linear method. The depreciation length varies according to the type of asset and depending on the country:

- 2 to 10 years for the intangible assets,
- 20 to 50 years for the buildings,
- 5 to 15 years for the fixtures,
- 3 to 25 years for the furniture,
- 2 to 15 years for the computers
- 3 to 5 years for machinery & equipment, and
- 3 to 10 years for other tangible assets.

The acquisition cost of equipments used in the field for programme purposes, such as vehicles and medical and communication equipment, is expensed upon shipment to the field, or upon purchase if purchased locally. This can be justified due to the instability of the contexts in which MSF operates and the difficulty in determining, in a reliable way, their useful life and residual value. When an MSF section leaves a country, the remaining equipment is generally donated to the Ministry of Health of the country or another non-governmental organisation still present in the country, and thus does not generate any future economic benefit for MSF.

Assets acquired under long-term finance leases are capitalised and recorded in the Statement of Financial Position. They are depreciated over the estimated useful lives of the assets. The associated obligations are included in financial debts.

MSF owned €222 million worth of buildings (including those under construction) and land at 31 December 2020. Such assets aim to optimise the running costs of the organisation (lowering rental costs), diversify the reserves, and therefore mitigate the monetary, foreign exchange and bank default risks.

Among the tangible assets at 31 December 2020, the net value of the capitalised leased assets stands at €173,000, and of capitalised lease obligations at €467,000 (2019: €180,000 and €467,000, respectively). The total reimbursements for the current year amount to zero euros, and the rent expenses also amount to zero euros.

For the details on Capitalised lease obligations, refer to Note 3.11 – Financial debts.

### 3.8 DEFERRED INCOME

In thousands of €

	Current		Non-current		Total	
	2020	2019	2020	2019	2020	2019
Deferred income on public institutional grants	2,168	9,124	1,852	-	4,020	9,124
Deferred income on private grants	15,917	20,788	2,088	1,113	18,005	21,901
Other deferred income	2,598	3,083	-	28	2,598	3,111
Gross value of investment subsidies	6,626	3,067	60	-	6,686	3,067
<b>Deferred income</b>	<b>27,310</b>	<b>36,062</b>	<b>4,000</b>	<b>1,141</b>	<b>31,310</b>	<b>37,203</b>

Deferred income is the unspent restricted income received from public institutional and private grants that will be used in future years. These outstanding granted amounts at the accounting closure are recognised in the balance sheet. They are disclosed under short-term liabilities for those that will be spent in less than one year, and long-term liabilities for those exceeding 12 months after the accounting year end.

### 3.9 ACCOUNTS PAYABLE AND ACCRUED EXPENSES

The details of the accounts payable and accrued expenses, including short-term and long-term split, are disclosed below:

In thousands of €

	Current		Non-current		Total	
	2020	2019	2020	2019	2020	2019
Accounts payable and accruals	76,299	77,384	136	38	76,435	77,422
Employee benefits	54,719	52,611	130	129	54,848	52,740
Accrued taxes	11,845	9,548	18	-	11,863	9,548
Public institutional grants payable	121	162	-	-	121	162
Private grants payable	2,150	777	-	-	2,150	777
Other liabilities	27,206	24,787	15,100	175	42,306	24,962
<b>Accounts payable and accrued expenses</b>	<b>172,340</b>	<b>165,269</b>	<b>15,384</b>	<b>341</b>	<b>187,724</b>	<b>165,610</b>

Accounts payable and accrued expenses are composed of amounts owed to suppliers, employees and tax authorities, and of grants payable to external organisations.

Trade accounts payable to suppliers are recorded on an invoice basis when the invoices are received by the time of preparation of the financial statements. Accrued expenses are valued at the best estimate if no invoice is received later. Grants payable and other debts are accounted for at their par value.

### 3.10 PENSION PLANS

In thousands of €

Economical benefit / economical obligation and pension benefit expenses	Contributions concerning the period		Pension benefit expenses (within personnel expenses)		Capital ratio	
	2020	2020	2019	2020	2019	
Pension institutions with surplus	5,255	4,720	4,559	111%	103%	
<b>TOTAL</b>	<b>5,255</b>	<b>4,720</b>	<b>4,559</b>	<b>111%</b>	<b>103%</b>	

The nature of pension plans for headquarters and international employees depends on the normal custom for the contracting country of the employee. Pension obligations are usually covered by a plan with an independent organisation. Contributions to a plan are recognised as an expense in the Statement of Financial Activities in the year in which they are incurred. MSF International and MSF Switzerland employees benefit from a scheme covering retirement, invalidity pension and death, according to the provisions of the Swiss Federal Law for occupational retirement (LOB). The occupational benefits are provided by a collective foundation, Profond, according to a benefit plan: investment yield has no impact on premiums; the employer does not guarantee the benefit amount. The Plan is funded by the contributions of MSF International and the employees. The plan covers the usual occupational benefits: retirement and invalidity pension, and death benefits. Risks are insured by the collective Foundation.

The surplus is not recognised in the Statement of Financial Position, in compliance with Swiss GAAP FER/RPC.

### 3.11 FINANCIAL DEBTS

In thousands of €

	2020	2019
Current borrowings and loans	5,930	4,052
Current capitalised lease obligation	467	467
<b>Financial debts - Current</b>	<b>6,396</b>	<b>4,518</b>
Non-current borrowings and loans	46,123	52,684
Non-current capitalised lease obligation	3,500	3,967
<b>Financial debts - Non-current</b>	<b>49,623</b>	<b>56,650</b>

Financial debts are recorded at par value. External borrowings and loans have been used to finance the building purchases and are not capitalised in the tangible assets.

### 3.12 PROVISIONS

Provisions are valued at best estimate when MSF has a legal or constructive obligation as the result of a past event, and if it is probable that an outflow of assets will be required to settle the provision. Changes in provisions are recognised in the Statement of Financial Activities.

# 4 RATIOS AND SECTORIAL INFORMATION

## 4.1 RATIOS

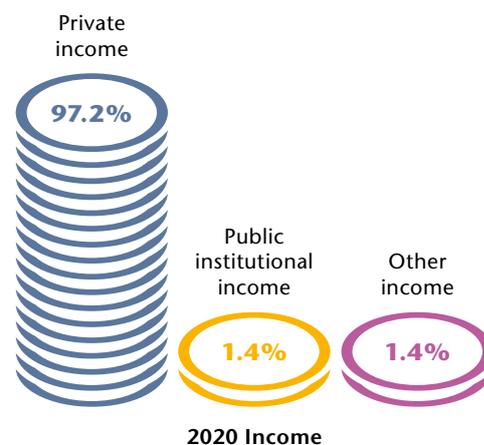

### 4.1.1 OPERATIONAL RATIOS

	2020	2019
Programme	64.3%	64.8%
Programme support (headquarters and abroad)	12.1%	12.4%
Awareness-raising and Access Campaign	2.5%	2.7%
Other humanitarian activities	1.6%	1.5%
<b>Social mission</b>	<b>80.5%</b>	<b>81.4%</b>
Fundraising	14.9%	13.6%
Management and general administration	4.6%	5.0%
<b>Other expenses</b>	<b>19.5%</b>	<b>18.6%</b>
<b>Expenditure</b>	<b>100.0%</b>	<b>100.0%</b>

### 4.1.2 FUNDING SOURCES

	2020	2019
Private income	97.2%	96.2%
Public institutional income	1.4%	1.2%
Other income	1.4%	2.6%
<b>Income</b>	<b>100.0%</b>	<b>100.0%</b>

Funds coming from non-public institutional sources represented 98.6% of MSF total income in 2020 (2019: 98.8%). More than 7 million individual donors and private funders worldwide made this possible.

- Private organisations
- Other income

In thousands of €

This illustration does not disclose the income from public institutions and the income resulting from exceptional activities.

## 5 OTHER INFORMATION

### 5.1 OFF-BALANCE SHEET COMMITMENTS

	<i>In thousands of €</i>	
	<b>2020</b>	<b>2019</b>
Guarantees given	9,020	3,531
Rental contracts for office buildings	27,020	5,686
Other off-balance sheet commitments given	7,380	7,187
Warranty to secure debt	-	29,400
DNDi	12,000	16,000
<b>Other off-balance sheet commitments</b>	<b>55,420</b>	<b>61,804</b>

Warranty to secure debt corresponds to the warranty of a real estate loan on organisational capital.

MSF participated in the establishment of the Drugs for Neglected Diseases *initiative* (DNDi) with six other organisations: five public sector institutions – the Oswaldo Cruz Foundation from Brazil, the Indian Council for Medical Research, the Kenya Medical Research Institute, the Ministry of Health of Malaysia and France's Pasteur Institute – and one international research organisation, the Special Programme for Research and Training in Tropical Diseases (TDR), which is a permanent observer to the initiative.

DNDi became a legal entity in July 2003 and MSF was one of the founding partners. MSF's objective in its involvement in the creation of DNDi was to help create a research and development initiative for neglected diseases, which in time would be self-financing and in a position to work independently of MSF. In 2018, the IGA decided to support DNDi to the level of €4 million per year until 2023.

### 5.2 CONTINGENT ASSETS

Contingent assets (assets where no sufficient reliable estimate is possible) in MSF mainly consist of legacies and bequests expected at year end but not yet legally transferred. Their best estimate value is €14.510 million in 2020 and €15.157 million in 2019.

### 5.3 SUBSEQUENT EVENTS

There are no subsequent events to report.

## 5.4 STAFF FIGURES

### 5.4.1 FULL-TIME EQUIVALENTS IN THE FIELD

	<i>In full-time equivalents</i>	
	2020	2019
International programme staff	3,377	3,579
Locally hired programme staff	37,637	37,536
<b>Programmes</b>	<b>41,014</b>	<b>41,115</b>
International programme support	32	48
Locally hired programme support	126	134
<b>Programme support</b>	<b>158</b>	<b>182</b>
<b>Total field positions</b>	<b>41,172</b>	<b>41,297</b>

### 5.4.2 POSITIONS IN HEADQUARTERS

	<i>In full-time equivalents</i>	
	2020	2019
Social mission	2,128	2,137
Fundraising	1,043	1,030

Fundraising	7	18
Management and general administration	13	24
<b>Volunteers</b>	<b>47</b>	<b>77</b>

Note: For volunteers at headquarters, the average number of people is taken into account when full-time equivalents are not available.

### 5.4.3 INTERNATIONAL DEPARTURES TO THE FIELD

	2020	2019
Medical pool	1,386	1,868
Nurse and other paramedical pool	1,550	1,924
Non-medical pool	3,056	3,721
<b>International departures (full year)</b>	<b>5,992</b>	<b>7,513</b>
<b>First-time departures (full year)</b>	<b>1,014</b>	<b>1,237</b>

## 5.4.4 HEADQUARTERS REMUNERATION POLICIES

The gross salaries presented below are based on the policies of the different MSF entities. The salaries disclosed here exclude remuneration of interns, and are equal to one full-time equivalent for the corresponding position. They are presented in local currency and depend on the cost of living in the countries where the entities are established.

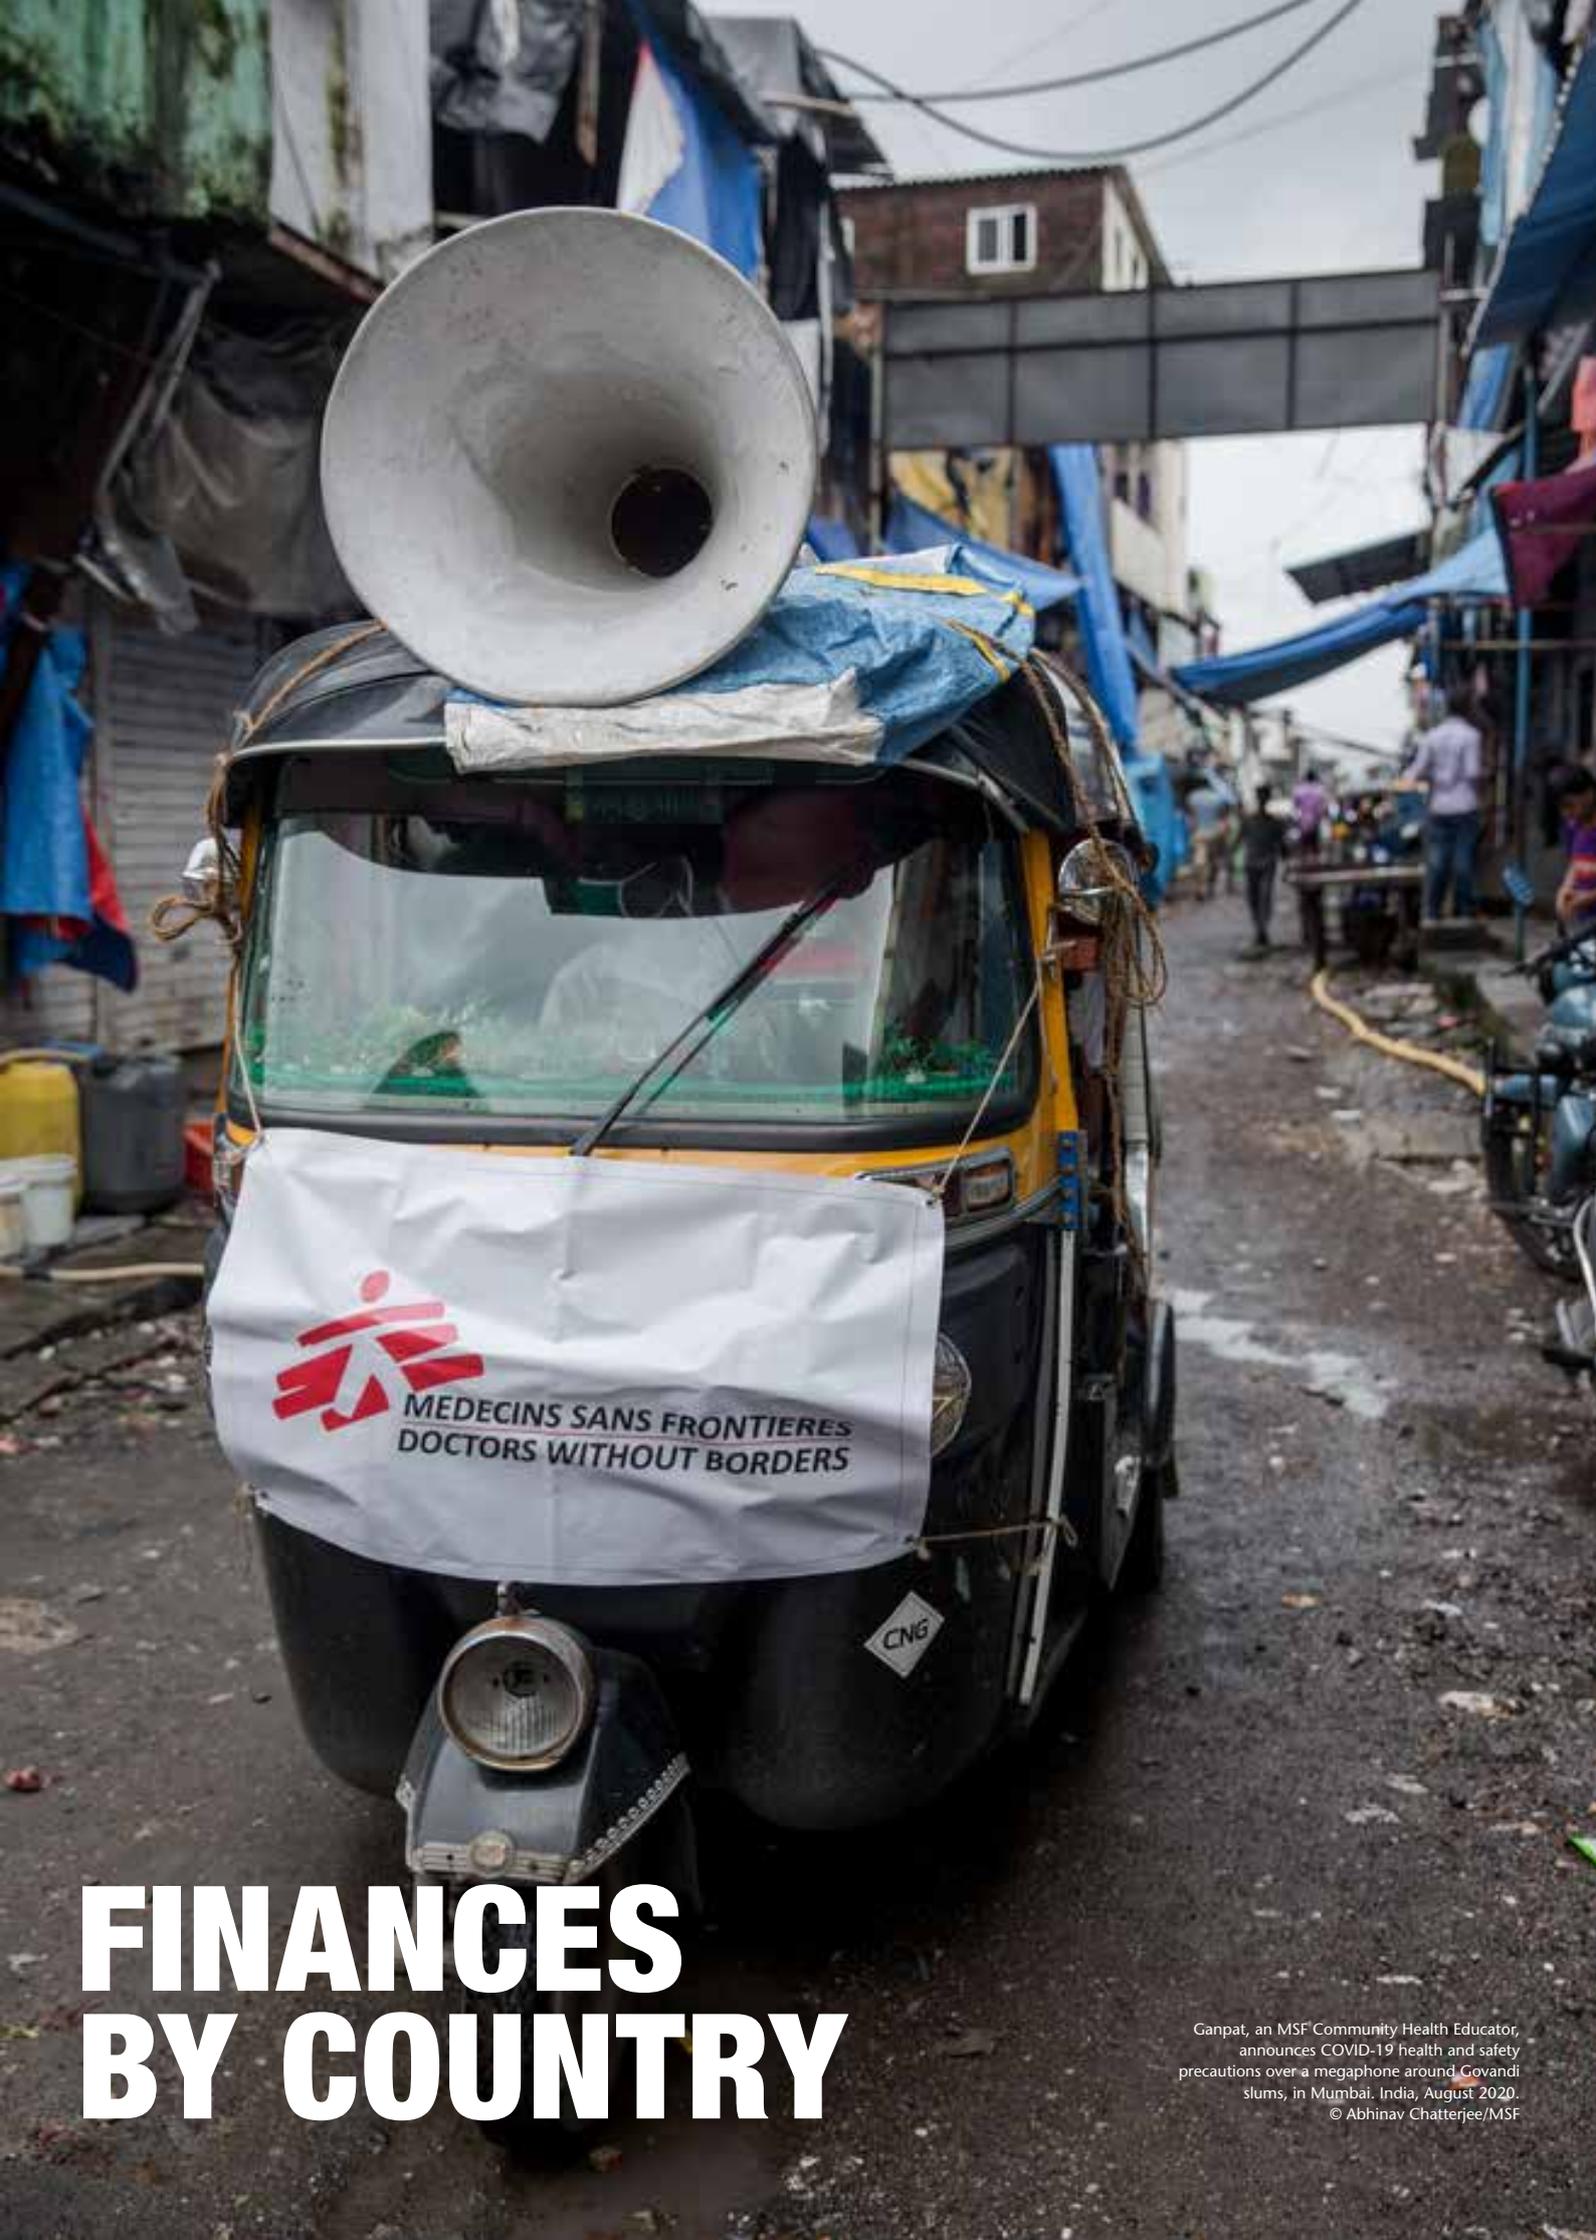

### 5.4.4.1 HIGHEST AND LOWEST SALARY BY ENTITY

	Currency	Highest salary	Position	Lowest salary	Wage Ratio
MSF Australia	Australian Dollar	194,151	General Director	64,024	3.0
MSF Austria	Euro	74,549	General Director	29,138	2.6
MSF Belgium	Euro	112,618	General Director	30,764	3.7

\* Transversal activities are activities covering more than one country not accounted for in individual country programmes.

\*\* COVID-19 restricted income spread amongst other countries for transversal activities (masks, hand cleaning liquids...).

# ABOUT THIS REPORT

## **Editors**

Marisol Gajardo, Senior International Finance Officer, with  
Isabelle Schiltz, MSF International Finance Manager,  
Sara Izquierdo, MSF International Accountant,  
Gabriel Lebailly, International Financial Information Systems Manager, and  
Arnaud Levéry, International Finance Coordinator
